

## The Witchery of Muslins

It's the simplest thing in the world to conjure up a magnificent and artistic home with a bank-roll but to be able to beautify the house on a watch-the-dollar basis is another matter entirely.

That calls for planning and economy—and there is the point.

With **Curtain Muslins** one can drape and decorate to the heart's content; add a finishing touch to the work basket or book case, transform a plain, dreary looking table into a pretty dresser.

For instance, there is the bed—don't you think it would look more attractive with a canopy of fine dotted muslin over it? Wouldn't a spread of sheer muslin over some soft toned lining appear delightfully restful and can't you sort of picture the effect of deeply fluted valance of snowy white swiss, artistically draped?

Then there is the baby's crib—no doubt there is a wash stand that could be improved if draped with a self-figured muslin; possibly there are doorways that could be curtained to advantage; cushions that a clean coat would improve and windows—windows galore from bed chamber to kitchen to drape as only a woman can drape.

Curtain Muslins, as you may well imagine, present a wealth of possibilities in the way of delicate, economical interior decorations and as it happens they are very much in vogue.

On account of the enlarged demand we have increased our stock until we have on hand as comprehensive a line as one could possibly desire.

Prices, 8c, 10c, 12 1-2c, 15c, 18c and 25c Per Yard.
